

Report card

This section provides a preview of the measures from the IDSR that will appear on the report card. However please note that for some measures the values in the report card will subsequently be updated. For example, KS2 provisional data is not published by the DfE so we update the report card with KS2 revised data when it is available. Only the report card will get updated at this point, not the IDSR. This section is not intended as a summary of the IDSR.
