sc/outofhours/breakfastclubmay2026

1<sup>st</sup> May 2026

Dear Families,

We wanted to inform you, with plenty of notice. Due to the unavoidable price increases we have all seen over recent months. It will be necessary for us to implement a small increase to our Breakfast Club fees from 1<sup>st</sup> September 2026. Which we have not had to put in place since November 2024.

We hope that you will understand that the school does not make a profit from our Breakfast Club, but we do need to cover the running costs. As you know, food and energy prices are continuing to increase and these affect our ability to provide this service at the current prices that we charge.

**From 1<sup>st</sup> September 2026, the daily prices for Breakfast Club will increase to:**

	<b>Total Daily Charge</b>
Individual children	£4.50 per child
Children with siblings in school	£3.50 per child

We will review our prices on an annual basis and inform you of these as they arise. A discount for siblings is currently included in the above charges. We will consider whether we can continue to do so when we next review our prices.

We hope that you will continue to benefit from our Breakfast Club and your children continue to enjoy their time there.

Yours sincerely

Mrs Harrison
