BIKEABILITY PARENTAL CONSENT FORM YEAR 5

WHAT IS BIKEABILITY?

Bikeability is the national cycle training programme supported and funded by the Department for Transport. The course builds the skills and confidence of children who can already ride. Bikeability can not only make children better cyclists - potentially for the rest of their lives - but can help with general confidence and independent thinking. All of our Bikeability training is delivered by qualified, professional, DBS checked National Standard Instructors. Visit www.bikeability.org.uk for more information

Level 1 takes place in an off road environment and teaches riders how to control and master their bikes

Level 2 gives participants on-road experience in residential traffic to help them prepare to make short journeys by bicycle

Level 3 teaches individuals the skills to ride effectively on more complex roads and in further challenging traffic situations

FURTHER INFORMATION FOR PARENTS

This course develops the cycling skills and confidence of children who can already cycle. Bikeability engenders enthusiasm while building skills and confidence to cycle more safely, more often. Please support and encourage your child to continue cycling after training. Sign up will be on a first come first serve basis however a waiting list will be available. Due to course timings and ratios each session will be capped to a maximum of 12 riders

School Immunisation - Important Information

Our local school-aged immunisation service has been working with NHS England on improving how vaccinations in schools are managed.

As part of this work, the School-Aged Immunisation Service Team will now contact you directly to request consent for vaccinations. The new approach will make it quicker and easier for you to give or refuse consent for vaccinations.

This new process will allow the follow up of uncompleted consent forms to happen automatically if we have not received them.

What we will share with the school-aged immunisation service team:

When the School-Aged Immunisation Service Team asks our school for class lists, we will provide email addresses and phone numbers for parents and guardians of children who are eligible for vaccinations. The School-Aged Immunisation Service Team will use these contact details to send consent requests and reminders to parents and guardians.

For further information about the role of the School-Aged Immunisation Service Team in supporting vaccinations, please visit this link:

<https://www.gov.uk/government/publications/health-protection-in-schools-and-other-childcare-facilities/supporting-immunisation-programmes#the-role-of-education-and-childcare-settings> .

Keeping your contact details safe

All personal data will be securely stored in line with NHS guidelines. Only the School-Aged Immunisation Service Team will have access to your contact details.

If you have any questions about this change, please contact the School-Aged Immunisation Service team via email NorthImms@covwarkpt.nhs.uk.
