

# All Saints CE Primary School and Nursery

## Medium Term Planning

Class teacher: Mrs Cooke Year group: 3 Term: Summer 2 Subject: Science - Forces and Magnets

Lesson	Learning Goal (L.G.)	Brief outline of lesson content (or where this can be found/unit found in, if for example it is a published scheme such as Science, Kapow French or Music, Purple Mash computing)	Key Vocabulary covered
1	To explore what forces are and notice that some forces need contact between two surfaces.	Plan bee Forces & Magnets - Lesson 1	Force, push, pull, friction
2	Compare how things move on different surfaces	Plan bee Forces & Magnets - Lesson 2	Friction, effect, forces, surface
3	Explore how magnetic forces work	Plan bee Forces & Magnets - Lesson 3	Magnet, magnetic force, pole, attract, repel
4	To be able to identify magnetic materials	Plan bee Forces & Magnets - Lesson 4	Magnetic, attract, force, repel
5	Investigate uses for magnets	Plan bee Forces & Magnets - Lesson 5	Investigate, conclude, results, fair test.
Incorporate STEM science lessons if/where needed or necessary
