**Aggression on school site**

Dear families,

Unfortunately, there have been recent incidents involving parents on, or very close to, the school site when it has been necessary to inform the police because the law may have been broken. It is very disturbing that children and other family members have witnessed these situations. The school does not condone this behaviour and will continue to inform the police if any further incidents occur. In addition, the police will be increasing their presence around the school's locality.

The school's expectations of the behaviour of parents and visitors to the school site can also be viewed on our website.

As a school, we are as disappointed as I know that you will be that these incidents have occurred. The staff at this school work extremely hard to support the needs of all of our children and our main priority is their safety and wellbeing.

I would like to offer my sincere thanks to the parents and families who offered their support during these particularly distressing situations, and to all parents and families who always support the school in their endeavours to provide the very best environment for our children.

Yours sincerely

Mrs Harrison  
 Headteacher
