Over Arching Principles	<p>Unique Child: Every child is unique and has the potential to be resilient, capable, confident and self-assured.</p> <p>Positive Relationships: Children flourish with warm, strong and positive partnerships between all staff and parents/carers. This promotes independence across the EYFS curriculum.</p> <p>Enabling environments: Children learn and develop well in safe and secure environments where routines are established and where adults respond to their individual needs and passions and help them to build upon their learning over time.</p> <p>Learning and Development: Children develop and learn at different rates. We must be aware of children who need greater support than others.</p> <p>At All Saints Primary School and Nursery, we understand that play is an integral part of learning and this is at the heart of our early year's curriculum. We believe that the correct mix of adult directed and uninterrupted child-initiated play ensures the best outcomes for pupils. Warm and positive relationships between staff and children, consistent routines and strong relationships with parents are key. We recognise the crucial role that early year's education has to play in providing firm foundations upon which the rest of a child's education is successfully based.</p>					
Theme NB: These themes may be adapted at various points to allow for children's interests to flow through the provision	What can you find in The Three Bear's Cottage? 	How do you Celebrate? Characteristics of Effective Learning	<p>Playing and Exploring - During this topic the children will be encouraged to play and explore using knowledge they already have and supported to develop a 'have a go' attitude at school.</p> <p>Active learning - The children will be provided with daily activities that allow them to be active and involved in their learning. The activities will help develop concentration and attention.</p> <p>Creating and thinking Critically - Our continuous provision will strongly encourage the children to explore their own ideas and to tackle a task how they feel best suit.</p> <p>We have an animal for each learning behaviour.
