Dear Sally,

May I take this opportunity to congratulate you and your staff on the outcome of your recent Ofsted inspection. I am pleased that your school continues to be a good school.

We were delighted to read in your school report that:

- Equal opportunities, fairness and respect filter through all aspects of the school.
- Your pupils thrive and develop into mature and caring citizens.
- Your staff use a raft of help and strategies to support pupils with SEND very well.
- Your school is well led and staff work well together for the benefit of all.
- Your arrangements for safeguarding are effective.

This is a major recognition of the school's ethos and approach to teaching, learning and wellbeing. The expert guidance you offer to families is a notable feature of the support you provide for the community in general. Thank you to you and your colleagues for the commitment, endeavour and professionalism that has brought the school to its current position.

Yours sincerely
